

Lesson plan 1

Aims:

- To improve communication in English;
- To use bike-related words;
- To motivate the students to learn new vocabulary by using the phone (IT technology);

Age : 11-14 year-olds

Stage 1

Teacher brings the photo of a bicycle to class and presents it to the students. They are asked to brainstorm, to think of bike related words including the parts of the bike.

Stage 2

Teacher has previously prepared a **thing link** interactive image of a bike. Students can check the vocabulary- the bike related words by touching the part of the bike to find the corresponding word.

Stage 3: Fill in

Teacher has prepared a worksheet: a text which contains some gaps; students have to fill in the gaps with the corresponding bike-related words.

Feed-back/ sum up: students are asked to say what they remember from the text used in the activity.
