Tapescript: "Bicycle" Song

Lyrics:

Refrain: Riding my bicycle, bicycle, bicycle

Riding my bike

My bicycle, bicycle, bicycle

Riding my bike

Hey look at me, me and my bike

No training wheels

Not even a trike

I'm fast as lightening, that's my speed

But I can stop, if I need

Refrain

With my handle bars, I steer my bike

Round in circles if I like

I've got two peddles and I've got two wheels
And all I have to do is push down these heels

Refrain

Main Picture

Talk about the picture - traffic situation

To set the context ask the children to tell you about the picture. Each part of the traffic situation is marked with numbers. Say to children - to find the names of signs and road things they need to know the numbers. Do a dictation - Number one is "traffic lights", number two is "traffic sign"... Repeat each word several times.

"Ask and answer"

Play the game "Ask and answer", first with the teacher, then in pairs. Let them elicit the English vocabulary they know by asking simple questions, e.g. *What's this?, This is a pedestrian...*

Exercise "Individual work cards"

Say "Get your pencil" and explain to children what they have to do - circle the word I say.

"What the traffic lights say?"

Go to "Safety on the road" playground or room. Use an electronic traffic light to explain to the children what the traffic lights say. Turn on the red light and say - A red light means "Stop"...

"Traffic light"

Play the game "Traffic light". Divide the children into two groups - first group - cyclists, second group - pedestrian. Play a road situation, using the traffic light. Then turn off the traffic light and tell them that the traffic light does not working. They have to follow the instructions you give them and guess which light is on.
